

My daughter has been taking lessons with Kesler Guitar for almost 3 years and my son started lessons recently.

Scott is a great teacher !! He is friendly and knows how to engage children. He really meets kids at their level. My kids enjoy their weekly guitar lessons.

The year-end recital is a nice showcase of what the children can achieve under Scott's guidance; it has consistently been well-received.

Moreover, as parents, we love the convenience of having the lessons in our home.
